POLO BOOTS ORDER FORM 2015 SEASON

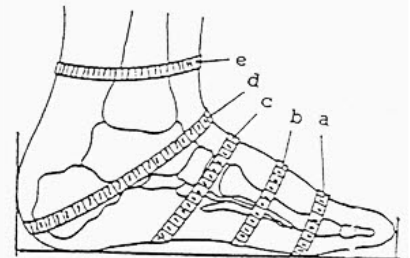

Self Measuring Instructions for Polo Boots

Attention: Please read carefully and follow the steps for greater accuracy. Take all measurements over NORMAL SOCKS and WHITES/JEANS.

1. Take measurements on each foot and leg at the lines indicated in the illustration. These should be taken in the standing position.
2. Measure the height from the ground on the outside of the leg at the point where the top measurement (Leg top 7) is taken.
3. Place each foot on a blank sheet of paper. Hold the pen UPRIGHT and trace an outline of each foot.
4. Measure the length of each foot from toe to ankle.
